## CONCORD 250

SCAN TO LEARN MORE

The 250th anniversary of the historic battles of Concord and Lexington is approaching on April 19, 2025. Two hundred fifty years ago, the men and women of what is now Massachusetts secured their independence from Britain and created a new nation dedicated to the ideals of liberty, equality, natural and civil rights and responsible citizenship. **Concord250** honors our first 250 years and inspires Americans to imagine our next 250. To mark this significant anniversary, residents, friends, and neighbors of Concord are invited to commemorate and celebrate this anniversary throughout the entire year.
